

EDUCATION

The Brooklyn Latin School

September 2015 - June 2019, Brooklyn

Qualities specific to my school are seminars, declamation, and an International Baccalaureate course.

EXPERIENCE

The New York Hall of Science, Queens - *Explainer for Museum, Special Events, and Workshops*

July 2017 - Present

- Engage visitors on all of the museum's STEM exhibits by answering questions, informing them about the science content, talking about the implications and applications of the exhibits, and encouraging collaboration with other visitors.
- Facilitate design and engineering activities for families and school audiences in Design Lab
- Monitor learning and encourage critical thinking in general admission visitors.
- Lead events catered to specific groups and special events for the museum.
- Supported and helped host science workshops designed to teach visitors at an early age about the applications of science.

The Science Ambassadors Program, Queens — *Intern*

March - June 2017

- Engaged students grades K-8 and their guardians during homework help hours. Subjects include literacy, math, spelling, grammar, science.
- Assisted students with critical thinking for their assignments.
- Teach and inform families about the New York City CORE curriculum so that school material can be taught at home and students can have a better understanding of content.

EXTRACURRICULARS

Co-President of Math Club: Organize club meetings and school-wide math events, create math activities, and facilitate learning for all club members.

Girls Who Code at Bank of America: Coded projects along with other program members, collaborated with others to learn certain programming languages, and worked with a group of 4 other girls to create a website (EDIN) that creates recipes based on the user's input of ingredients. This website is still in progress. Individually, I coded a gratitude website for the Bank of America which featured sentiments for the staff members, a personal portfolio, and helped others with their personal projects.

Volleyball Team Manager and Club Member: Facilitated volleyball practices and drills, and helped members improve their skills.

SKILLS/INTERESTS

Web design (HTML, CSS), Python, Latin (literate), Spanish (literate), Cantonese (conversational), Microsoft Office, Photoshop, Crochet.

AWARDS

Approbation with academic honor roll (2016-2017)
National Latin Award Cum Laude (2016, 2017, 2018)
National Greek Award (2017)
